**Chulabhorn Graduate Institute Announcement  
on Guidelines for the Prevention and Control of the Spread of COVID-19**

**No. 15**

With reference to the Chulabhorn Graduate Institute Announcement on Guidelines for the Prevention and Control of the Spread of COVID-19 No. 14, dated 3 May 2021, which extended the period of work-from-home arrangement for the personnel to 16 May 2021, it is evident that the pandemic has relentlessly continued, resulting in a high number of new daily infected cases and deaths for the whole country. Therefore, with a view to reducing contacts and risks of infection at the workplace, the Institute deems it appropriate to issue an additional announcement on the guidelines for the prevention and control of the spread of COVID-19, as follows:

1. Extending the period of work-from-home arrangement for the personnel to 31 May 2021, the personnel being required to prepare a weekly report on assignments for submission to their superior.
2. Cooperation is solicited from all members of the personnel in abstaining from leaving their residence if there is no necessity to do so, and avoiding risk areas and any crowded place, because exposure to such areas or places risks being infected with the disease.

The announcement comes into effect on the date of issuance onwards, and further announcement will be made in case of any change in the current situation.

Issued on 14 May 2021

(Associate Professor Dr. Piniti Ratananukul)  
Vice Rector  
for Rector of Chulabhorn Graduate Institute
