

## Announcement

## Qualifying Examination for Academic Year 2022 for Ph.D. Chemical Sciences Student (Chemical Biology Track)

GENERAL RULES (according to the student guideline)

- 1. A Ph.D. student must take his/her Ph.D. qualifying examinations in his/ her fourth semester at the latest. Students who fail the qualifying examinations are asked to retake the exam. Students are eligible to take the qualifying examination only twice; those who fail will be dismissed from the doctoral program.
- 2. Ph.D. qualifying examinations are conducted entirely in English.
- 3. The qualifying examinations may include a written and/or oral exam.
- 4. Eligibility requirements for the qualifying examinations:
  - For Ph.D. students, they must follow the announcements set out by their respective Program Management Committee. (if required)
  - For Master's students who have been transferred to a Ph.D. degree program
- (1) For plan A (1), students must have completed research work which can be further developed as a Ph.D. thesis. Additionally, they must have been approved by the respective Program Management Committee and have notified the Division of Academic Support.
- (2) For plan A (2), students must enroll for at least 2 semesters and have completed not less than 12 credits of coursework with a cumulative GPA (i.e., GPAX) not less than 3.50 or must have been approved for eligibility by the Program Management Committee.
- 5. The time, dates and venues of the qualifying examinations will be announced annually.

For Academic Year 2022:

The Specialized examination for Chemical Biology track covers materials from the following courses.

0402502 Spectroscopy for Chemical Sciences

0403505 Natural Products Chemistry

0402602 Medicinal Chemistry

## PASS/FAIL CRITERIA

Scores from the fundamental and specialized examinations contribute equally to the final scores. A student must obtain at least 60% to pass the qualifying examinations. Should the student fail to attain 60%, the student must secure at least 40% to qualify for the subsequent oral examination. Those who fail to attain 40% will have to retake the examination.

## **EXAMINATION DATE**

| Date / Venue                              | Organic Chemistry                            |
|---|--|
| 4 <sup>th</sup> July, 2023                | - 0402502 Spectroscopy for Chemical Sciences |
| at Seminar Room 3, 3 <sup>rd</sup> Floor, | - 0403505 Natural Products Chemistry         |
| Chulabhorn Graduate Building              | - 0402602 Medicinal Chemistry                |

Announced on June 16, 2023

Sombak Rechianat

(Prof. Emeritus Dr. Somsak Ruchirawat)
Rector of Chulabhorn Graduate Institute
